Personal Information

Visa Permanent Resident of the United States

Employment

2010-Present New York Headache Center

Education

1999-2004 Bachelor of Medicine & Surgery (MBBS), University of Western Australia, Perth, Australia.

1995-1998 Bachelor of Science (BSc), Genetics & Psychology, University of Western Australia, Perth.

Postdoctoral Training

2009-2010 Headache Fellowship, The Headache Institute, Roosevelt Hospital, NY, NY.

2006-2009 Neurology Residency, Beth Israel Medical Center, NY, NY.

2005-2006 Internal Medicine Internship, Jersey Shore University Medical Center, Neptune NJ.

Experience

2008 *Physicians' Forum* – New York Headache Center

'Preventative Treatment for Chronic Migraine' including Botox training with Dr Alexander Mauskop.

2006/7/8 *Headache Clinics* – The Headache Institute, Roosevelt Hospital & Beth Israel Medical Center

Shadowed Drs Newman, Lay and Broner in The Headache Institute and independently treated patients in General Neurology Clinic, Beth Israel Medical Center.

Montefiore Headache Center, Albert Einstein Medical Center

During a headache elective at Montefiore, participated in Headache Clinic and in research projects.

2004 *Neurology Elective* – St Vincent's Medical Center, Bridgeport, CT.

Performed a summer elective in the hospital and affiliated private neurology clinic, where I independently took histories from and examined patients, reporting my findings to the Chief of Neurology. I also observed and assisted in various procedures including EMGs and Percutaneous Transluminal Angioplasty and Stenting.

2003 *Royal Flying Doctors Service* – Perth.

Was selected from a large group of applicants to join this volunteer service, flying to remote and indigenous communities in Western Australia, assisting in ALS/ACLS and stabilization of patients for transport to a major center.

Emergency and Critical Care – St John's Ambulance, Perth.

Participated as a member of an EMT team, being first on the scene of motorcycle accidents, cardiac arrests, overdoses and various emergencies, providing ALS and defusing dangerous situations.

Prison Psychiatric & Medical Services – Casuarina High Security Detention Center, Perth.

Provided medical and psychiatric care to inmates, including sex-offenders and serial killers, while researching alcohol and drug use in the prison system.

Leadership & Teaching Experience

1994-2001 Federal Director of the Australia & New Zealand Bnei Akiva Youth Movement

After participating in a year-long leadership training program in Israel, I spent several years volunteering for this international organization for children aged 10 to 18 years. I went on to be elected director of the movement in Perth and then Federal Director of the Australia & New Zealand branch, organizing local and overseas programs for around 1,000 members and working with a budget of over \$200,000.

2000-2003 Teacher

Part-time teacher of Jewish Studies in Carmel School, Perth, and tutor for students in Years 8-11 in Math, Science and English.

1991-2001 Camp Director

Co-ordinated over a dozen sleep-over camps for children in Australia and New Zealand as well as producing educational pamphlets for community organizations and fund-raising to assist families who could not afford the fees.

Activities
